NZ needs a “world competitive” transport system

- What we do is vital for our country to function
- We have to be able to compete with the rest of the world to sell our goods to distant markets
- We all have a part to play in creating and maintaining a “world competitive” transport system

LEGACY

- How will your score card read?
- We don't just turn up at work to
“pick up our pay packets”
- Remember what we do is vital so lets build a legacy for future generations
- While were at it lets help groom our future generation
- And lets have fun doing it !!!

Quotes

“In this life we cannot all do great things, but we can all do small things with great love”
